

Dear BRC users,

RIKEN BRC Experimental Plant Division is emailing you to get your attention on our activities on resource distribution.

Please email plant@brc.riken.jp if you are interested in any of the following items.

1. New Release

- Seed pool set of Arabidopsis FOX line (Arabidopsis cDNA over-expresser)
Two pool sets added.

<http://epd.brc.riken.jp/en/archives/4000>

<http://epd.brc.riken.jp/en/archives/4093>

- Arabidopsis TAC clone deposited from Kazusa DNA Institute (genomic clone) 10,752 clones newly opened.

<http://epd.brc.riken.jp/en/archives/4114>

- Individual line of Arabidopsis (mutants and transgenic lines deposited from Japanese scientists) 47 lines added.

<http://epd.brc.riken.jp/en/archives/4112>

2. News

- English Website revised.

<http://epd.brc.riken.jp/en/>

- Quality Control Policy

http://en.brc.riken.jp/news/guide_20140901_01.html

3. Technical Note

- Need more than the regular amount (50 seeds) of individual seeds? You can put number of vials in the order form of Arabidopsis and Brachypodium resources. For example, "pst99999, 2 vials" when you order 100 seeds. There is a reasonable choice of "Arabidopsis Individual seed stock (400 seeds per line)" in the fee structure. Please fill in the order form as "pst99999 (400 seeds)" to take this advantage from your next order for Arabidopsis seed lines.

<http://epd.brc.riken.jp/en/distribution#6>

- We provide the following resources for phenotype screening.

- Transposon-tagged lines - 2 seed pool sets of homozygous seeds
(<http://dna.brc.riken.jp/en/biomass.html>)
- Activation(T-DNA)-tagged lines - 37 seed pool sets
(<http://epd.brc.riken.jp/en/seed/activ>)
- FOX lines - 21 seed pool sets for Arabidopsis cDNA over-expresser
(<http://epd.brc.riken.jp/en/seed/fox>)
- FOX lines - 4 seed pool sets for rice cDNA over-expresser
(<http://epd.brc.riken.jp/en/seed/ricefox>)

- Natural accessions - 1 seed pool set
(http://epd.brc.riken.jp/en/seed/arabidopsis_poolset)

4. Conferences and Meetings

- The 2015 International Brachypodium Conference (IBC2015) will be held at the University of Massachusetts, June 16-19.
<https://brachy2015.umass.edu/>
- The 26th International Conference on Arabidopsis Research (ICAR2015) will be held in Paris, July 5-9. We will demonstrate our project at the RIKEN booth.
<http://www.arabidopsisconference2015.org/>

We would very much appreciate your forwarding this email to your collaborators or colleagues who may have been looking for a biological material in our stock. If you are no longer willing to receive the latest information from us, please email back.

We look forward to hearing from you.

Yours sincerely,

Resource Distribute Section in Experimental Plant Division
