

Dear BRC users

RIKEN BRC Experimental Plant Division is emailing you to get your attention on our resource distribution. Your inquiry about any item in the announcement is always welcome.

1. 20th Anniversary of RIKEN BioResource Research Center

In 2021, RIKEN BioResource Research Center (BRC) celebrates its 20th anniversary. The webpage "[Greetings from the Director](#)" tells you about our gratitude for your cooperation and plan for our resource project. We would like to take this opportunity to further deepen exchanges with developers and users of the bioresources. Your suggestions and comments are much appreciated.

2. Holiday Closing Announcement

RIKEN BRC will be closed from December 29, 2021 through January 3, 2022 due to New Year's holidays.

We will resume normal business from January 4, 2022.

We wish you a wonderful holiday season, and all the best for the New Year!

3. Vectors, deposited by Dr Nakagawa, added to Exp-Plant Catalog

In addition to the previously released Bar selection series, we are now able to offer a new vector series (126 vectors) that can be selected with kanamycin or hygromycin.

[Resource information](#) (go to Nakagawa Lab.- Shimane University)

RIKEN BRC Vector [Catalog](#)

Some fluorescent protein resources in the catalog are bound by transfer license. Please follow the instructions explained at each website.

sGFP, EYFP (incl. n/cYFP), ECFP, G3GFP

[Announcement of GFP bioresources](#)

mRFP

UCSD requires a Material Transfer Agreement (MTA) prior to using.

Best Regards
