

Dear BRC users

RIKEN BRC Experimental Plant Division is emailing you to get your attention on our resource distribution. Your inquiry about any item in the announcement is always welcome.

1. New Release | TF-GR seed lines

5,648 Arabidopsis Transcription Factor-Glucocorticoid Receptor (TF-GR) lines have come up in Exp-Plant Catalog. They are useful to investigate the function of transcription factors. You can find your interest lines with AGI codes through the catalog, https://plant.rtc.riken.jp/resource/tf_gr/tf_gr_list.html.

2. New Release | Plant Cell Lines

The Plant Cell Section launched the catalog database, Exp-Plant Catalog – Plant Cell Lines, on October 30, 2017.

Since then, new cell lines have been added to the catalog.

Please see the Exp-Plant Catalog for details.

3. MASC Annual Meeting Report

Multinational Arabidopsis Steering Committee (MASC) held its annual meeting on August 25, 2022. MASC discussed the following subjects.

- MASC financial and organization update
- Update on core MASC activities
[MASC Annual Report 2021/2022](#) is now on the [MASC web site](#).
- Update on International Conference on Arabidopsis Research (ICAR)
ICAR2022 was held in Belfast, UK on June 20-24, 2022 with 460 on-site and 200 virtual attendees.
[ICAR2023](#) will be held in Chiba, Japan on June 5-9, 2023 as a hybrid event.
- Preparation of the Fourth Decadal Roadmap
Updated information will be provided to the community for discussion in ICAR2023.

Best Regards
